QLD 4006

ABOUT

ROCKSPORTS SCHOOL SERIES

Rocksports is a well-known and established brand in the Queensland climbing community.

We're applauded for a social atmosphere, personable staff, and a fantastic, accessible climbing experience. With this in mind, we wanted to create a series of climbing competitions that reflected this. Not the kind of event where the strongest get put on show, and the everyday climbers get to cheer them on – but a celebration of every level of climber, that encourages participation from all.

We have achieved this through 2 years of solid Social climbing competitions, now we turn our attention to the School Series, Throughout the year, we are host to dozens of Local Brisbane Schools, we see hundreds of Students loving the climbs, some walk away & never think of it again, others walk away & yearn to climb again, in Term 4 of October 2017, they will have this opportunity!

ABOUT

THE CLIMBING INDUSTRY

The climbing industry in Australia is in a boom – there's no doubt about it. New gyms are popping up all over the country as indoor climbing moves from being a niche stand-in for traditional outdoor climbing, to a stand-a-lone sport. The recent success of climbing in Australia, and around the world, stems directly from its accessibility, and its ability to promote a healthy and active lifestyle, in a fun, social environment: the climbing gym.

Climbing competitions are an integral part of the growth of the sport of climbing, and are more than just an event to find the best climber. They are an opportunity for the community to come together, to celebrate climbing, and to raise awareness about what's happening inside our sport. With the recent inclusion of climbing in the 2020 Olympics, climbing, and climbing competitions, are only going to get bigger and better.
